

## Piano lessons at Moerlina

for children from 3 years

### Play-a-story: Children 3yrs to 6yrs

Play-a-Story is a musical journey in which students will travel through a storybook world. Children create their own musical soundtrack using the piano to create sounds, melodies, harmonies and rhythms to express the story.

At the early age of 3-5 children are introduced to musical sounds, motifs, styles, shapes and dynamics. These tools build a comprehensive, improvisational foundation that equips them with the sounds of their new musical language. The journey begins before students learn to play another composer's music – they begin with the opportunity to discover their own musical 'story' first.

Play-a-story is a suitable introduction for children or adults of any age to the rest of the Simply Music program - great for both beginners and professionals.

### Foundation levels of Simply Music: 7yrs +

This unique approach has students playing contemporary, classical, blues, accompaniment, improvisation and composition in a fun and easy way. They start playing songs from their very first lesson!

At Moerlina School students are able to take piano lessons during the school day at a time negotiated with their class teacher. Costs for the lessons is in addition to fees, and is arranged with Francine, the piano teacher.
